THE ROUTE 66 MAP CHALLENGE HAS BEGUN!

Embark on a trip along the historic Route 66 highway and check in at popular cities along the way. With every milestone and checkpoint, learn fascinating fun facts about each city and receive healthy tips.

Report 150,000 steps (an average of 7,500 steps per day) over the course of this four-week challenge to earn 50 points towards your wellness incentive. Throughout the challenge, you can report your steps for the current day and up to seven days back. The challenge will be available on your Wellness portal until June 13 to finish reporting your final week's activity.

If you have a wearable fitness device, such as a Fitbit or Apple Watch, you can sync your device with the Route 66 Steps Challenge! Select **Settings** from the top of your wellness portal homepage, then select **Authorize Device** in the left-hand menu bar and follow the prompts to have your steps data reported automatically.

Start Date: May 3rd **Finish Date:** June 6th

Don't have an activity tracking device? Visit the Challenge page to report your steps.
